November 10th, 1914

Dr. J. F. Uren,
520 Church Street,
Toronto.

Dear Dr. Uren:

I have your letter in which you ask for leave of absence for a week to attend the meeting of the American Council of Surgeons at Washington. As you have arranged with the head of the service for clinical instruction during your absence I have pleasure in acceding to your wishes. I suppose that you will also speak to Professor Cameron about the matter.

Yours sincerely,

President.
